CHESANING JUNIOR HIGH

where students cross a threshold.

"No man can reveal to you aught but that which already lies half asleep in the dawning of your knowledge.

The teacher who walks in the shadow of the temple, among his followers, gives not of his wisdom but rather of his faith and his lovingness.

If he is indeed wise he does not bid you enter the house of his wisdom, but rather leads you to the threshold of your own mind.

The astronomer may speak to you of his understanding of space, but he cannot give you his understanding.

The musician may sing to you of the rhythm which is in all space, but he cannot give you the ear which arrests the rhythm nor the voice that echoes it.

And he who is versed in the science of numbers can tell of the regions of weight and measure, but he cannot conduct you thither.

For the vision of one man lends not its wings to another man."

THE PROPHET--Kahlil Gibran

It is our sincere hope that the students who crossed the threshold of Chesaning Junior High also were led to the "threshold of [their] own mind."

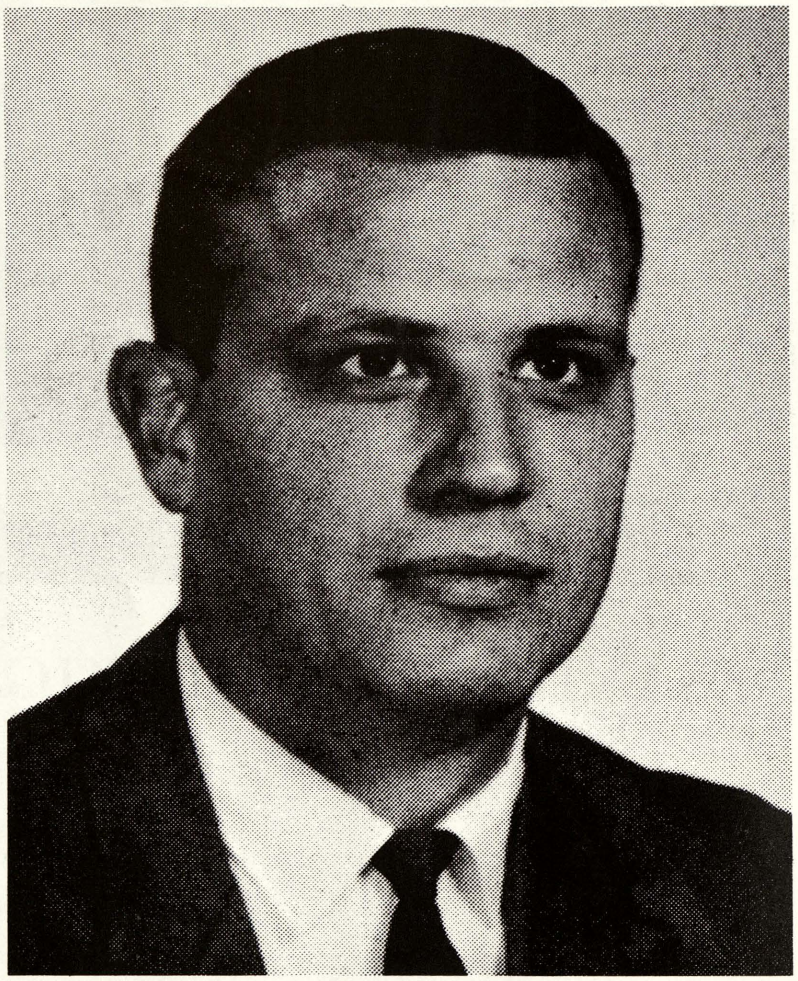
DEDICATION

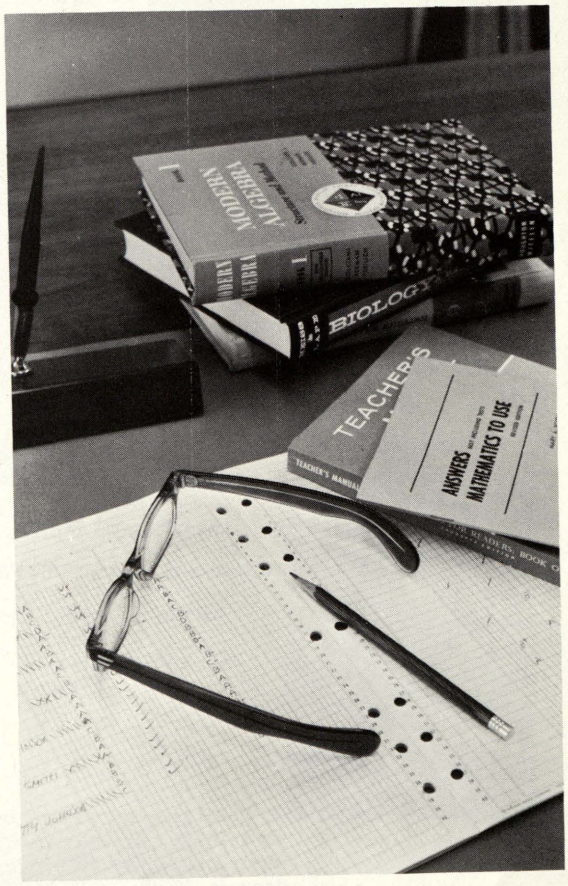


Mr. Robert Soderman

. . . IN HONOR

of Mr. Soderman, who, during his years of service in Chesaning, has been a patient guide to the faculty, the personnel, and the students of Chesaning Junior High. May he find the best in his new adventure, and may his service--and his friendship--be appreciated wherever he may go as they have been in Chesaning.

ADMINISTRATION & FACULTY



PRINCIPAL

. . . Writes to Students in Junior High Building

Mr. Robert Soderman

The game of life is sometimes played with what might be called the "fools tools." Some have chosen the wrong tools in the construction and preparation of their life. The "fool's tools" consist of: satisfaction of immediate pleasures, the easy way, and self centeredness. If these tools are used to build a sound and stable future, disappointment will displace hope.

Television programs and commercials, the movies, and questionable literature, sometimes give young people the wrong impression concerning the important virtues of life. Television emphasizes the extreme and capitalizes on the attention of many young viewers in presenting misleading commercials and programs of fantasy. The movies "glamorize" those principles of life which are sensational, and not necessarily important ingredients for a happy, successful life.

Many teenagers are asking the question, "What makes a happy, rewarding life?" Self respect, many psychologists will tell you, is an important ingredient for a successful life.

What is self respect? It is the good feeling or opinion you have about yourself.

How do you acquire this self respect? By following the Golden Rule; by being honest, loyal, courteous, kind, and truthful.

"Self respect cannot be found. It cannot be purchased. It is never for sale. It comes to us when we are alone, in quiet places, in quiet moments, when we suddenly realize that, knowing the good, we have done it. Knowing the beautiful, we have served it. Knowing the truth, we have spoken it."

The Junior High Concert Band . . .

The Junior High Band has a total of 79 bandsmen this year. They start out their season with two weeks of review for the new seventh grade bandsmen. Here, they learn to play and march at the same time. Their first performance is at Chesaning's Parade of Bands, followed by a marching band show for a high school football game and Junior High Night. We also provide a pep band for basketball games. Christmas Concert follows after marching, and here they have to change their tone from marching to a good Concert Band sound. Following our Christmas Concert they start preparing for Band Contest and Solo and Ensemble Contest, which is held in March. Solo and Ensemble gives them a chance to perform in small ensembles as well as solo. Spring Concert is next, which usually is in the month of April. In May, it is back to street marching for parades, such as Michigan Week. Their last concert is at graduation.

The 1967-68 Library Staff, besides carrying an average scholastic grade average of B+, has been a very busy group. The routine of checking in and out books, and filing returned books, has been accompanied by completely alphabetizing all the books in the library plus rearranging the books under their topic heading. On top of this, paperback books have been selling at a fast rate. Over 800 books have been sold this year. And they do all this for a trip in the spring!

. . . Yearbook Staff

FRONT ROW (left to right): Sue Ketchum, Miss Wickstrom, (advisor), Lorraine Pirochta. BACK ROW: Steve Howell, Mike O'Rourke.

The yearbook staff hopes that it has succeeded in putting together a book that will aid us all in remembering another school year that has gone by.
